### Poetry.

Oh! was it I, or was it you, That broke the subtle chain that ran Between us two, between us two? Oh! was it I, or was it you? Not very strong the chain at best, Not quite complete from span to span I I never thought 'twould stand the test Of settled commoniace, at best.

Of that ewest time when first we met? Oh! was it I, or was it you, That dropped the golden links and let The little rift, and doubt, and fret

Creep in and break that subtle chain?
Oh! was it I, or was it you?
Still ever yet and yet again
Old parted friends will ask with pain.

—Nore Per

### The Intelligencer.

BELLEVILLE, THURSDAY, JULY IN OUR IRON RESOURCES.

The InvitationTown has always been strong advocad to the development of our iron resources, namely by the manufacture of pix iron with anthreads or bituminous coal as fuel, of their all the strong and the coal as fuel, of their all their and their countries of a portion of the immoss deposits of unequalited one which nature that are boundaries of a portion of the immoss deposits of unequality or stem of our certifory. Unfortunately all efforts to establish its roun and steel manufacture for Canals, Expend one of the contract of the coal and the

The wood ecosion score time ago to make reference to shook on the fore and steel production of Canada, by Mr. J. H. Bartlet of Montrale, in which he give atlatiation as to our resources, it is which he give atlatiation as to our resources, the steel of Montrale as to our resources, the steel of the stee

The Toronto World also devotes a short out emphaticarticle to the subject, which we here quote in full:

A correspondent saks us how it happens that Canafa, with trassures of iron ore that are practically insahaustable, maken no iron are practically insahaustable, maken no iron worth speaking about. And, appropries of the qualities of Canadian ores, our attention has been drawn to the analysis by Professor of Beinest, in the country of Peterborough which by his report grades up to a high standard—63.50 per own metallic iron Another analysis of ore from the same mine by Professor Chapman, shows 64.50 per cent. The quality of the ore in proven, w

But there is a lion in the path, or a bugbear which we simagine to be a lion which prevents iron from being made in which prevents iron from being made in the ore to lead American Lurances. We are only half proteotionists as yet, the old delacion of free trade is still strong upon curselves with \$2 per ton on imported pip taxes the users of iron, without cassing a pound the cares to be made in the country, and duty on imported pig \$6 at least, then iron will be made in the country and the coun-

As the None points out, there are two ways in which the Government can encour age the industry namely by giving bonuse are these engaging in it and by increasing the three properties of these engaging in it and by increasing the control of our contemporaries are agreed that the latter policy is the best, as being more in accordance with the spirit of our tariff but latter policy is the best, as being more in accordance with the spirit of our tariff but he may be a subject of granting a bonus on every tool ir con and of steel preduced in Ganad from native ores and with full from the subject of granting a bonus on every tool ir con and of steel preduced in Canada from native ores and with full from the subject of granting a bonus on every tool ir con and of steel preduced in Canada shelp policy; but before anything is don towards memorializing the Government has people ought to be educated up to this in the subject of granting which is an industry which they comprised that it is an industry which they comprised that it is an industry which they comprised the subject at public meeting would engage the attention of the public meeting the public public meeting would engage the attention of the public meeting would engage the attention of the public meeting would engage the attention of the public meeting would engage.

aristocracy of England, he asserts, are "the finest example in the world to-day of 'the survival of the fittest,' not of the fittest morally, or even intellectually, but the fittest to survive because they possess a trumendous dynamic energy by centuries of enjoyment of the fruits of a nation stoil." He wants the rest of mankind to believe that this class of "sensualized tool-users" (borrowing a phrase from Carlyle, and the control of th

are crowned lords of all among a mighty people, and are surely and expeditionally leading the English nation to doesy and death. In the near future he sees an in-attitution which, with all its pomp and power, with its rices and its faults, its vices and its evitures, it destinant is a surely and the vices of the surely and the vices of the surely and the Venetian oligarchy. He thinks it well "to portray some of its more salient features before the stately, but time-worn, features before the stately, but time-worn,

fabric falls."

Mr. Bedeau writes from a prajudined Mr. Bedeau writes from a prajudined Mr. Bedeau for the fall of the fall of

### THE DEMONSTRATIO

The Orange demonstration which was held in Believille on the 12th inst. was cot only the grounds a fair of the kind, but held in Believille. Better than that, it was the most orderly publicigationing which Believille has ever seen. It was, in a Believille has ever seen. It was, in a Company of the West of

The demonstration was, then, not only an assertion of Protestant principles, but a popular protest against the project of home rule for Ireland, embodied in Mr. Gladstone a bill.

stone a bill.

There are those who, for party purposes, profess to sneer at the Orange Association. If those persons had witnessed the grand gathering in Belleville of the generally well dreased, thrifty, intelligent, earnest-looking people who took part in the procession and, in sympathy with it, thronged our streets on the 12th, they would have been forced to acknowledge to themselves.

that they are standerers.

We congratulate the order and its officers on the success of their efforts in getting together so fine a body of people as gathered here on the 12th.

### GUOD ADVICE

It is a pily that questions more or less intimately connected with politics cannot be generally discussed in a friendly and business-like manner. A will take the advected B with regard to the indict of a but the two fall out when one presents a proposition with regard to the legislation needed to increase the purchasing power of that crop. Tak the object of both discretization of the country and to auguent the comfort and review the first of the country and to auguent the comfort and review the labor of the inhabitation. How

illon Time.

This is very good salvice, but it cannot be acted upon as long as the Grits are as meaning for instance, Conservatives are—calling for instance, Conservatives are—calling for instance, Conservatives to the conservative of the conservative of the policy of the constitution of the conservative of the policy of the conservative of the policy of the conservative of the conse

### N WHAT CAPACITY

Our former townsman, Mr. T. S. Carman, of Belleville, has gone to California to attend a deaf mute convention.—Napance Express.

In what capacity, pray I to cannot, c tainly, be as an educator. Ah I we have T. Ss. connection with the instruction deaf mutes consists in the reprinting in office of the annual report of the Onta Institution. The connection is, it will seen, rather remote; but T. S. was no aubject to censure for boing too modest.

### EDITORIAL REPUTTING

The thorough manner in which the cus tems Department has dealt with smuggler has won the warm approval of the common cial community, whose sentiments are expressed by the Biontees! Jearnal of Commerce in an article which we reproduce it

### Change of Front.

Mr. Blake has just completed a visit to West Durham, where, if apport are true, he found the political weather comewhat he would not have he had a very kindly reception is a matter not to be wondered at. Not so many years ago the host for Outstrie voice only, as a provincial solicious was pending, traversand the province leaving in his wake a stream of impassioned entory tailing for the pumishasioned was provincially and the province leaving in his wake a stream of impassioned entory tailing for the pumishasion of the pu

patriotism, he should have been excused. How curiously Mr. Blake's position of to-day contrasts with that he took regard less far-rouching in 1671: For Riel now but in the Ontario Legislature, he said the previous crime, "While I am disposed to treat legally anything which may properly be called a political offence. I can not treat this murder as a political of fonce." But, he said o, wen if Riel have not yet great of a political offence. I can be not yet great of a political offence. The contrast of the previous crime is the previous crime in the property of a political offence, he can only gutly of a political offence, he can only gutly of a political offence, he can be comply gutly of a political offence.

did Riel himself treat a political offender in call you attention, sit, to the mode in which the 'political offences' of the victim were treated by Riel. What, I sak, was his crime ! It was loyalty to his Queen, leyalty to the constitution, leyalty to the

country. For this he was done to death,
"It was no nurder for revenge, for
money or for any of those causes which
money or for any of those causes which
contains the surpline of the country of the surpline
not any of a burylet, passionate transaction
in which the excuss of want of time or
deliberation or of passionate emotion may
be pleaded. The victim died because he would
not aid robels, he died because he would
not aid robels, he died because he would
robels, he died because he rotated
the country of the country of the country of the country
that the country of the country of the country of the country of the country
that the country of the country of the country of the country of the country
that the country of t

Queen and country.

"Let his country write his epitaph in
the records of her assembly, and express
a people's sorrow at his untimely death,
